

SCIENCE FAIR

WHO

- WHS Science Club is holding a science fair.
- The participants are 4th graders who love science and want to have fun with science.

WHAT

- Each student will design an experiment to explain a concept of ideas relating to **REDUCE, REUSE** and **RECYCLE**.

WHEN

- April 6, 2019 from 10:30am - 12:00pm

WHERE

- Washington High School

WHY

- Encourage students to love science

WINNERS

- Prizes will be rewarded to the first three winners
-

SCIENCE FAIR

Additional Information

- Demonstration Day - Friday February 1, 2019
- Optional workshops to help participants with their projects will be held by high school students at Washington High School in Room 4101 for each elementary school on the following days:
 - February 6th- Veale students
 - February 20th- Lena Dunn
 - February 27th- Griffith
 - March 6th- North
 - **Time: 2:35-3:30**
- Students will have the opportunity to ride a bus from their school to the high school or may provide their own transportation. Following are buses providing transport from each specific elementary school to the high school:
 - Veale- Bus # 3
 - Lena Dunn- Bus # 11
 - Griffith- Bus # 3
 - North- Bus # 4
 - **Every student must be picked up at the high school by 3:30 at Gate 6 - Transportation home is not provided.**

(If the number of participants exceeds the maximum limit, then participation will be limited to the 1st ten students at each school who had completed and turned in all their required forms)
